**PRESS STATEMENT ON THE INTENDED LIFTING OF TRAVEL  
RESTRICTIONS TO CHINA ON 8<sup>TH</sup> JANUARY, 2023.**

The Ghana Health Service should evaluate the situation in China and advice Ghanaian travelers accordingly.

Since the outbreak of the Covid-19 pandemic, China has placed restrictions on travel to that country.

From the information we gathered, She will on the 8<sup>th</sup> of January, 2023 remove all restrictions on travel to the country.

As we all know, China is a major destination of import for many Ghanaian traders, and as a result of the long wait, most Ghanaian businesses will want to resume their business trips to this productive and beautiful country.

However, we have heard that, the Covid-19, is still prevalent in China hence our call on the Ghana Health Service to examine and evaluate the situation and advice Ghanaian travelers.
