## **WITHDRAWAL FROM THE UPCOMING 7TH DECEMBER ELECTION**

Ladies and gentlemen, The National liberation Congress (NLC ) functional Executives committee, National executives committee , And the Ghana Alternative party (GAP) National executives committee, functional Executives committee , together held an emergency meeting yesterday 11<sup>th</sup> September, 2024 from 5:00pm to 8:00pm, Chaired by Osahene Nana Agyei Boateng the leader and founder of ( The Ghana Alternative party) as both parties are in alliance towards this upcoming 7th December 2024 election.

As both parties agreed to allow Stephen Atubiga file as independent candidate for this election as their candidate. Due to the final certificate of the NLC not ready yet from the EC.

The Alliance between NLC and GAP did not also have enough time to go through the EC to register a new alliance logo for this election, due to timing deadline for the registration and filling by the EC.

After going round all the 268 districts / the country for endorsement of the presidential document's requirement by the EC. As Both parties have agreed to withdraw from the election.

With a previous decision Allowing NLC leader to contest as an independent presidential candidate.

It's due to these reasons below the alliance took a drastic decision withdrawal of our Alliance independent candidate Stephen Atubiga from contesting the upcoming 7th December election.

1 ) The Independent candidature venture will not make any impact in this election, as the race is narrowed down between NDC and the NPP. Information Alliance pickup from the grounds.

2) most voters or people have told us on the grounds voting for any independent candidate is a waste of their votes. Since no independent candidate can win election in this country for now. they will vote between Bawumia and JDM.

3) others have told us due to the critical state of our economy , they will choose between NDC and NPP as none of the independent or small parties have the capacity to rule this country yet.

4) others told us , they would have voted if all independent candidates and all smaller parties came together as one party for a real 3rd force. Alternative to NDC, NPP.

5) others told us Voting for independent is useless, independent candidate is chaff in this election, since non will have an MP in parliament.

6) as others described some independent candidates and smaller parties candidates as criminals, greedy, and selfish , they will never not vote for.

In view of just a few observations on the grounds , decisions were taken to withdraw from the election.

But to continue with the Alliance to choose and throw our support to the NDC , NPP, or any other Party that will adopt our vision and manifesto in the interest of our country.

The Alliance is forever grateful to all those who gave us the opportunity, and grateful to all those who are with us , standing by us, as to any directions or decisions taking towards this election.

One Ghana, one people

Love you all.
