

**NATIONAL PEACE  
COUNCIL**

**PRESS RELEASE #10**  
FOR IMMEDIATE RELEASE  
13 DECEMBER 2024

# **FOLLOW DUE PROCESS AT TESANO POLICE TRAINING SCHOOL – NATIONAL PEACE COUNCIL**

**Accra, 13 December 2024** – The National Peace Council (NPC) is aware of a delayed collation exercise for three Eastern Region constituencies at the Tesano Police Training School in Greater Accra Region.

Our understanding is that the Electoral Commission (EC) moved the collation of results from Akwatia, Nsawam-Adoagyiri and Fanteakwa constituencies to the regional level and now to the national level due to the widely reported incidents of disruption, destruction and arson at other collation centres around the country.

Our checks with partners have also confirmed that the collation exercise at Tesano Police Training School was at the instance of the EC and not any political party or the Ghana Police Service.

The NPC calls on all political party representatives to avail themselves of every legal avenue available to redress their concerns to ensure the safety of all participants at this stage of the electoral process.

The NPC calls on the EC to convene an emergency Inter-Party Advisory Committee (IPAC) meeting with all political party representatives and other important stakeholders to discuss and agree an amicable resolution to the impasse.

The NPC also encourages the media to continue its diligent efforts to report and broadcast election-related activities to the Ghanaian public to ensure transparency of the electoral process.

The NPC continues to speak with all relevant stakeholders to resolve this matter and ensure a peaceful resolution.
